

# REQUEST FOR QUALIFICATIONS

## 2025-2029 On-Call

### Natural Area Vegetation Management Services

---

#### Addendum 1

**Question:** I see that the RFQ stipulates 5 years of experience in relevant work, does the firm have to have been around that long or is it sufficient for the PM to have that experience?

**Answer:** A minimum of 5 years of relevant vegetation management services experience for an overseeing PM is sufficient to qualify a firm for consideration. The qualifications submittal should clearly demonstrate the PM's and firm's overall experience.
